Ms. Linda S. Vandeloop AVP – Federal Regulatory AT&T Services, Inc. 1120 20th Street, NW Washington, D.C. 20036

Re:

AT&T Request for Waiver to Permit Power Spectral Density Model for 800 MHz Cellular Operations in Eight Markets in Kentucky and Tennessee, WT Docket No. 15-300

Dear Ms. Vandeloop:

On December 1, 2015, AT&T Services, Inc. (AT&T) filed a request for waiver of Section 22.913 of the Commission's rules¹ to permit use of a power spectral density (PSD) model at its Cellular Service stations in eight markets in Kentucky and Tennessee (Waiver Request).² On March 24, 2017, the Commission released a Second Report and Order adopting, *inter alia*, revisions to Section 22.913 to permit Cellular PSD operations in all markets nationwide,³ thus rendering AT&T's Waiver Request moot. On January 10, 2018, AT&T filed a letter to withdraw its Waiver Request. We have reviewed the letter and conclude that such withdrawal serves the public interest.

Accordingly, IT IS ORDERED that, pursuant to Section 4(i) of the Communications Act of 1934, as amended, 47 U.S.C. § 154(i), and Section 1.8 of the Commission's Rules, 47 CFR § 1.8, the withdrawal filed by AT&T Services, Inc. on January 10, 2018, IS GRANTED. This action is taken under delegated authority pursuant to Sections 0.131 and 0.331 of the Commission's Rules, 47 CFR §§ 0.131, 0.331.

FEDERAL COMMUNICATIONS COMMISSION

Chief, Mobility Division

Wireless Telecommunications Bureau
